

FWC Deer Harvest Reporting App Installation Instructions

Please follow these instructions carefully to ensure you download and install the Survey 123 App and open the Florida Deer Harvest Reporting Form in the app. Then review [instructions about how to use the app at MyFWC.com/HarvestReport](#).

Step 1 – Search for “Survey123 for ArcGIS” on your mobile device in the [Apple App Store](#), [Google Play Store](#), or [Amazon AppStore](#).

Survey123 for ArcGIS

Step 2 - Download and install Survey123. If the App opens automatically, you will need to accept all of the permissions and then close Survey123. **Do not try to sign in or create an account.**

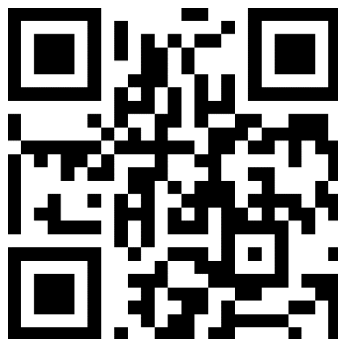

Step 3 – Add the “Florida Deer Harvest Reporting Form” into the Survey123 App by using one of the following methods:

Method 1: Web Link

- Open the web browser on your phone and click this link [Survey123](#) or enter this into your web browser <https://arcg.is/1amSva>. **NOTE:** Please use a web browser to access the link to install the Florida Deer Harvest Reporting Form rather than trying to access the instructions and link using the FishHunt FL app.
- A web page will open, and you may see a white box on that page that directs you to “open in the Survey123 field app.” If so, click on that box.
- Survey123 for ArcGIS will open and the “Florida Deer Harvest Reporting Form” will download. You might be asked to accept various permissions for the use of the Survey123 for ArcGIS app, and they will need to be accepted to complete the download of the harvest reporting form.

Method 2: QR Code

- Open your QR reader (or the device’s camera, if it is scanner enabled).
- Point your camera to the code below. Once the QR code is read, if it doesn’t open your browser automatically, select the option to click this link [Survey123](#) or enter this into your web browser <https://arcg.is/1amSva>

- Survey123 for ArcGIS will open and the “Florida Deer Harvest Reporting Form” will download.

Upon completing the harvest reporting form downloading process, you should see this icon on a page titled, “My Surveys.”

What if the app or harvest reporting form won't download to my phone?

The exact steps to install Survey123 for ArcGIS and open the "Florida Deer Harvest Reporting Form" may vary depending on the mobile device used. If you are unable to install the app and/or reporting form, please see the following information:

1. Verify your device has the latest system updates installed
 - Android: <https://www.wikihow.tech/Check-for-Updates-on-Your-Android-Phone>
 - iPhone: <https://support.apple.com/en-us/HT204204>
2. Verify that Survey123 can use cellular data to download the harvest reporting form
3. If Steps 1 and 2 do not work, connect to Wi-Fi and try downloading the app and/or harvest reporting form
4. If you are still unable to install the application and/or reporting form, please use a paper deer harvest log (an FWC-provided paper Deer Harvest Log is available at MyFWC.com/HarvestReport) and the Deer Harvest Reporting Hotline at 844-392-3337 to complete the deer harvest logging and reporting process
